Per iniziare ad usare il tool per la comunicazione tra team occorre collegarsi al sito web https://slack.com/ e inserire il proprio indirizzo email.

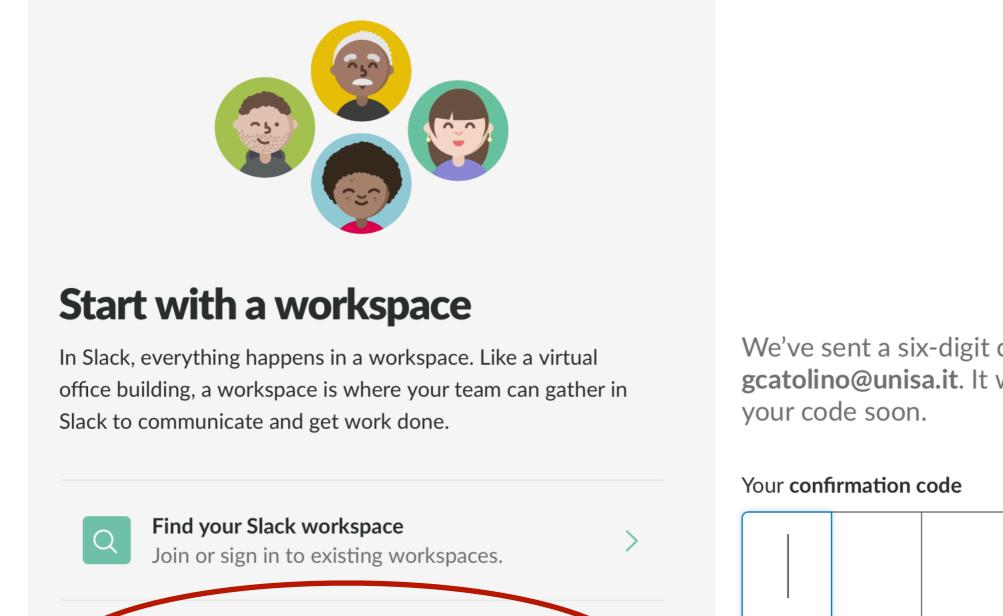

# Confirm your email address

Thank you for signing up for Slack. We're happy you're here!

Enter the following code in the window where you began creating your new Slack workspace:

603-004

A questo punto si riceverà in posta elettronica un codice di conferma di 6 cifre da inserire nella pagina di **registrazione**, poi si potrà procedere indicando nome e cognome, lo username scelto e la password.

We've sent a six-digit confirmation code to **gcatolino@unisa.it**. It will expire shortly, so enter your code soon.

Ritornando sul sito è possibile creare il proprio workspace, inserendo il codice di 6 cifre

Questa rappresenta la home del gruppo

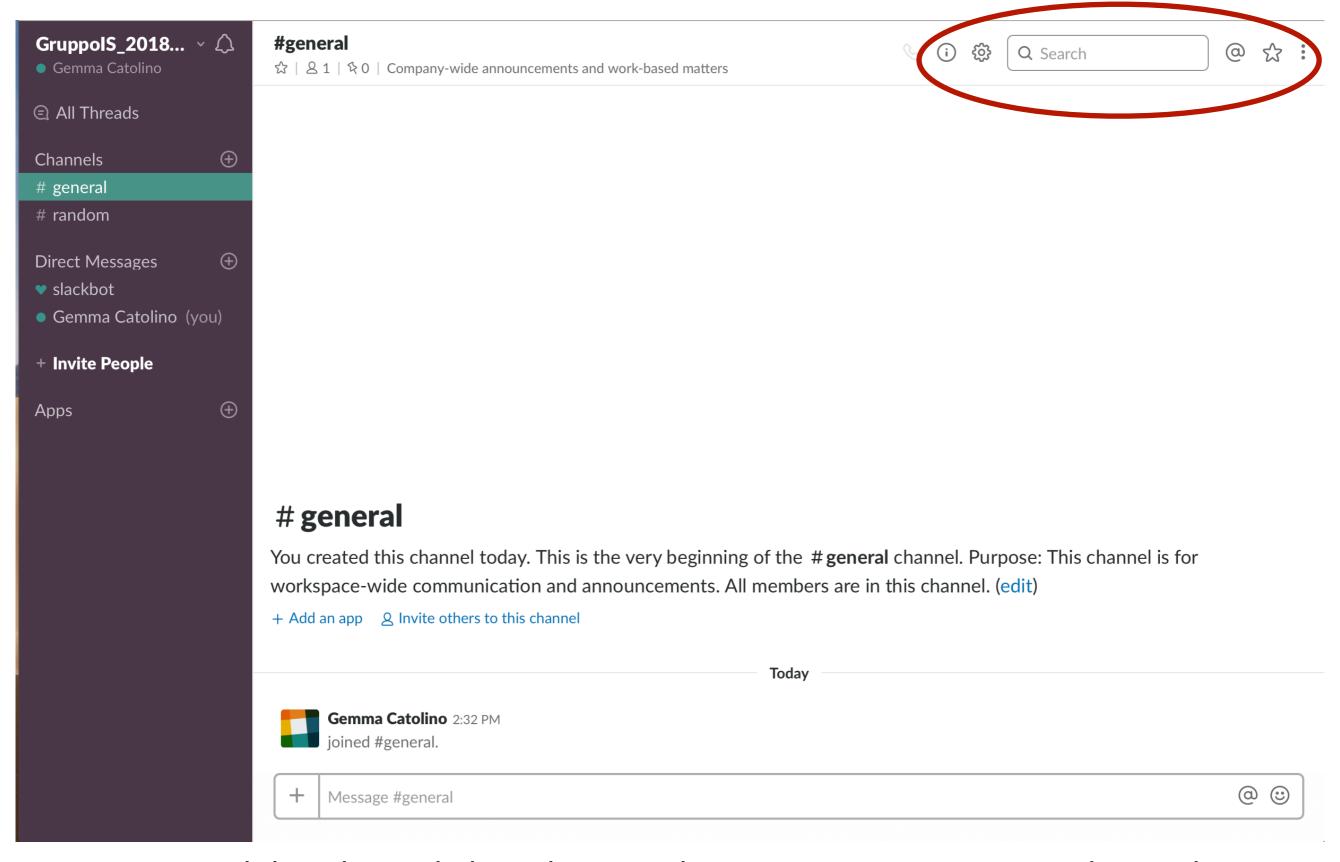

La sezione channels rappresenta le stanze create all'interno del gruppo, potrebbe essere utile creare più stanze

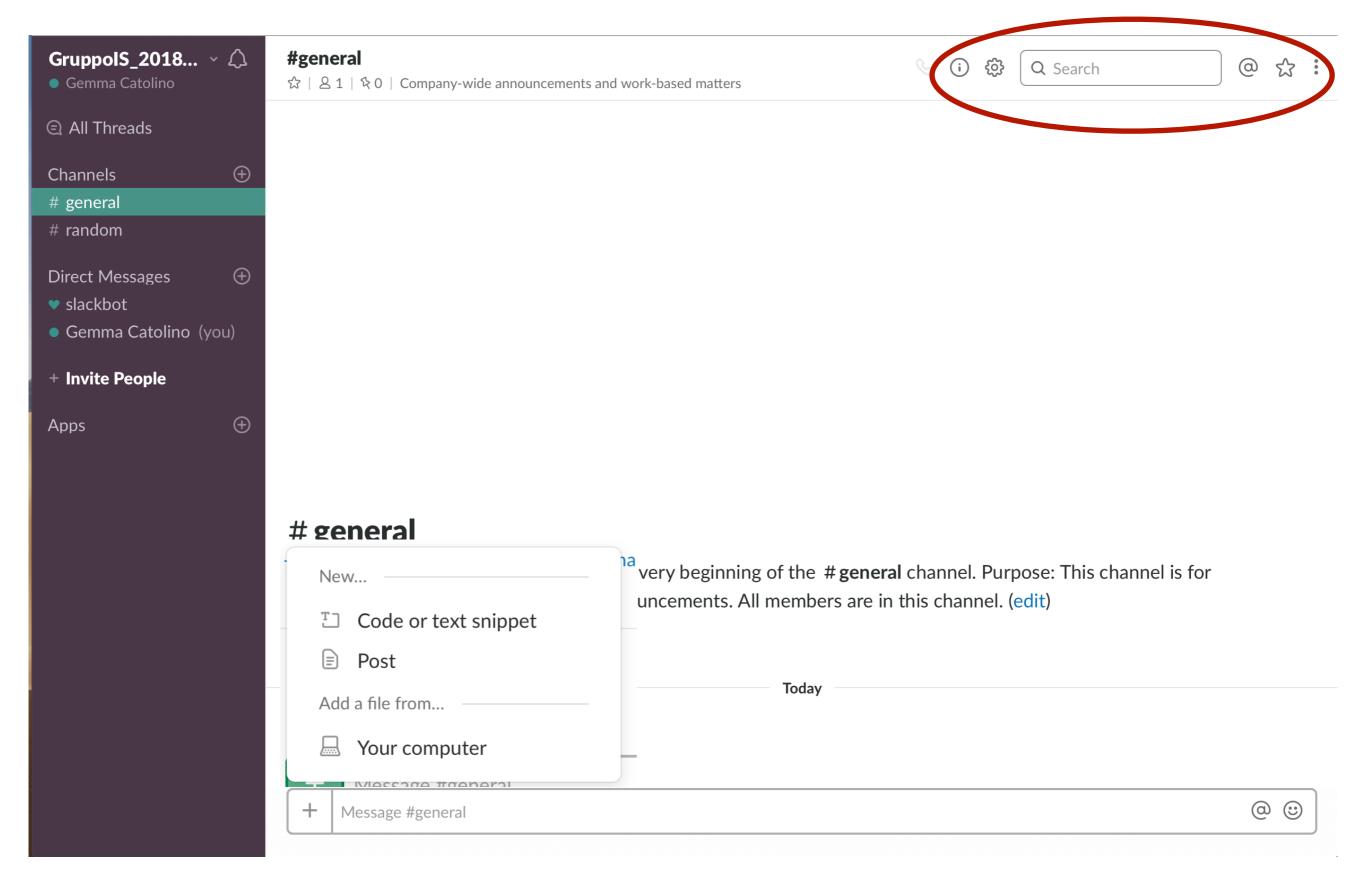

Nella sezione direct message è possibile scrivere ad una singola persona privatamente

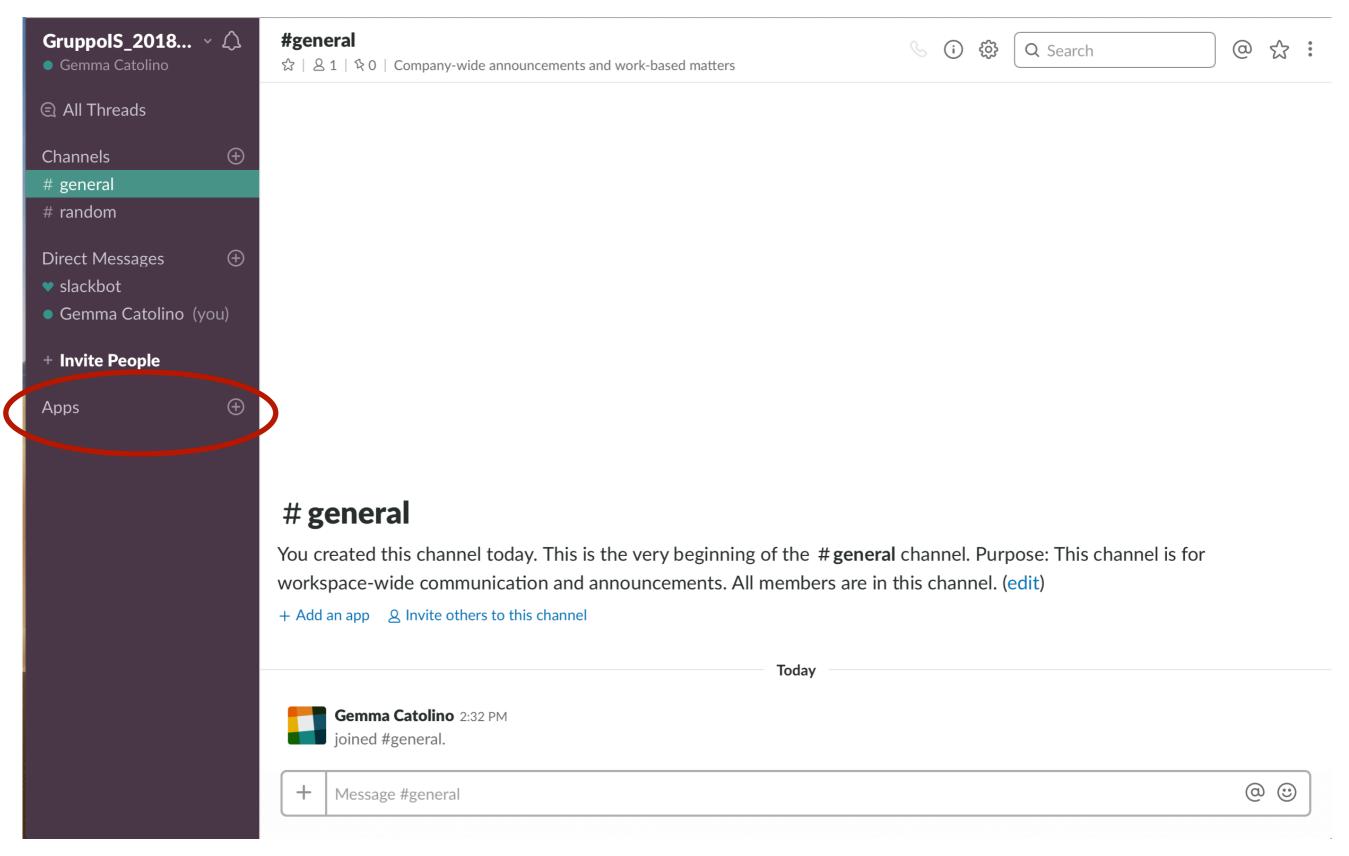

All'interno della chat, se alcuni dei messaggi sono di importanza rilevante possono essere "pinnati" per averli sempre a disposizione

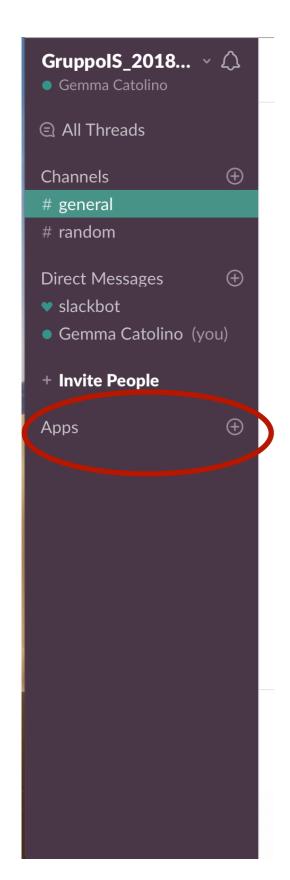

E' possibile utilizzando la @ destinare il messaggio in una room condivisa ad una persona in particolare

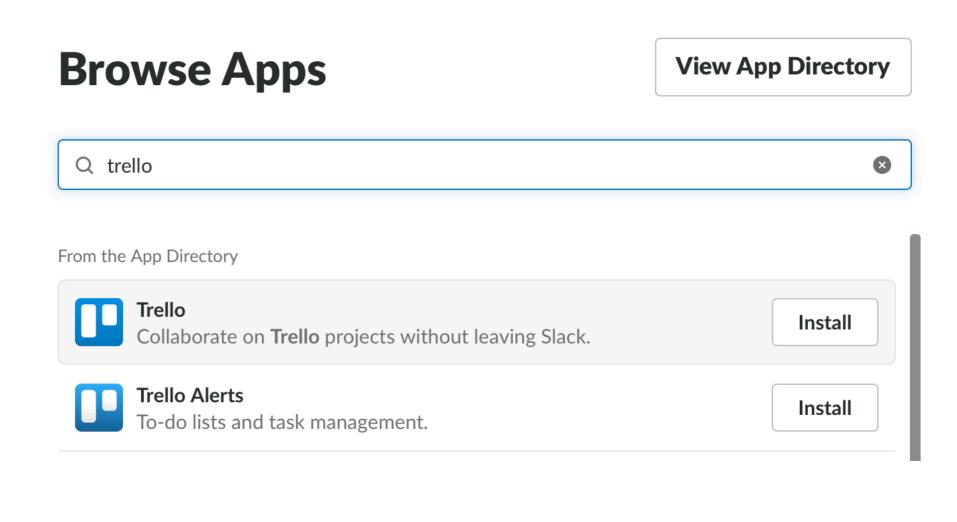

E' possibile allegare foto, documenti ma anche snippet di codice sorgente

In ogni channel è possibile **integrare servizi** come Google Drive, Google Calendar o altri, linkare documenti e articoli o caricare foto

Un esempio, potrebbe essere l'integrazione del tool Trello per avere sempre aggiornata la To-do list

Slack può essere integrato con tool (Trello)

La gestione dei gruppi è molto più efficiente

E' possibile inviare snippet di codice sorgente

Possono essere create più stanze all'interno dello stesso gruppo
